The Vertical Jerkbait JIGGY Junior, designed by Innovative Lures, revolutionises har-bait fishing. JIGGY Junior has a front-loaded weight and a perfectly balanced, buoyant rear end that ensures it rests at a 45-degree jigging angle. This, combined with side-2-side action when retrieving and a rear mounted VMC treble to prevent snags, makes the Vertical Jerkbait an extremely versatile lure, perfect for Pike, Zander, Perch and most other freshwater predators. Lures can be cast to distance with ease and minimal surface disturbance. Innovative Vertical Jerkbait lures offer a unique presentation. Snag resistant rear mounted treble hook, 80g, 5-15m, 14cm in length with premium VMC #2/0 treble.

80c GOLD FISH, PERCH & BREAM RRP £38.97
